## SUMMARY

---

As a passionate Cloud Engineer specializing in Azure, I am eager to bring my expertise in cloud architecture, deployment, and management to your innovative team. My commitment to leveraging cutting-edge technologies and best practices aligns perfectly with your mission. I am excited about the opportunity to contribute to transformative projects and drive efficiency, scalability, and security in cloud solutions. Together, we can achieve remarkable results and elevate your cloud initiatives to new heights.

## TECHNICAL SKILLS

---

- **Cloud & Azure:** Azure Entra Id, Virtual Machines, App Services, Load Balancers, Access Management (IAM)
- **Monitoring:** Azure Monitor, Log Analytics, CloudWatch, Site24/7
- **Operating Systems:** Windows Server, Linux Server
- **Soft Skills:** Troubleshooting & Problem Solving, Cost Optimization & Performance Tuning

## EXPERIENCE

---

### Cloud Engineer

*Xencia Technology Solutions Pvt Ltd*

Aug 2023 – Present  
Bengaluru, Karnataka

- Manage and support cloud infrastructure on Microsoft Azure
- Handle virtual machine deployment, storage configuration, network setup, and cost optimization
- Implement best practices to ensure high availability, security, and optimal performance for enterprise environments

## FUNCTIONAL

---

- Providing the support to End customer 24/7 in the azure Cloud
- Monitor, maintain, and optimize Azure resources (VMs, storage, networking, databases)
- Manage Azure subscriptions, resource groups, and cost optimization strategies
